☒: Eight copies, drawn to scale

☒: Dimensions

☒: Materials

☒: Color

☒: Lettering

☒: Location on Building and location of other existing signs

☒: Lighting of sign

To whom it may concern:

This letter is in regards to the proposed sign for Four Eight Wineworks, the proposed wine tasting room and Italian ice cream shop at 140 Main st, Jerome, AZ.

The Tasting room will occupy/share the space that is currently the Puscifer store. The sign will be the "flag" type that mimics the current Puscifer sign, as well as several of the other signs on Main St, including Caduceus Cellars and The Conner Hotel, among others.

Photos of the current Puscifer sign are included. Please see the included drawing for the proposed layout. The current sign will move to the left, to be centered between the northern edge of the building and the entrance, while the proposed Four Eight sign would be hung to the left, between the southern edge of the building and the entrance. All dimensions shown.

The sign is a high quality, hand made sign, color is primarily a matte silver/grey. Please see attached photos. All sign dimensions are included.

The proposed sign will be lit from both sides, similar to the Puscifer sign. Lights will be hooded.

Please contact Matt LaVoire with any questions or concerns.

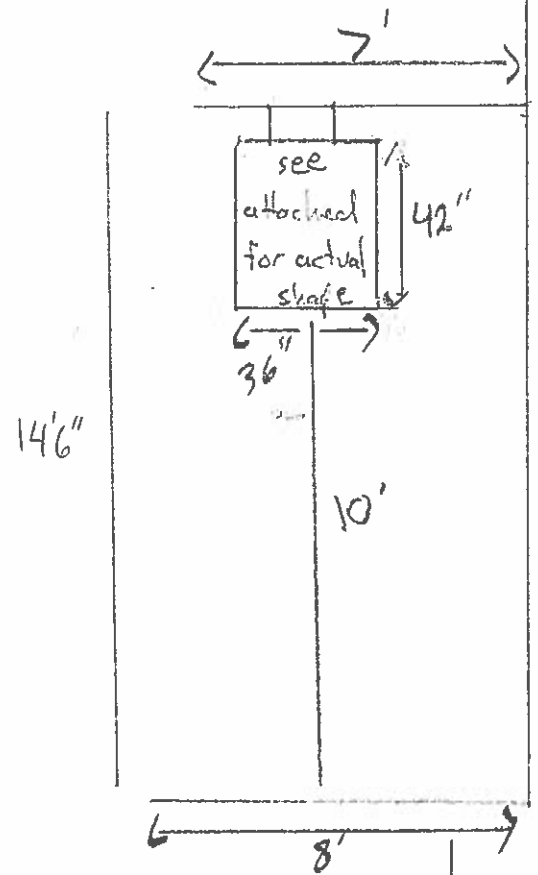

Thank you,

Matt LaVoire
